Advocacy Groups Petition EPA for Bilingual Pesticide Labels

The Migrant Clinicians Network and other farmworker interest groups have petitioned EPA to require that ~~all~~ pesticide labels be available in both English and Spanish. EPA announced the petition in a January 26, 2011, *Federal Register* Notice. Consistent with our commitment to public participation in our pesticide regulatory decisions, the Agency is inviting public comment on the merits and challenges of the proposal before responding to the petitioners.

The *Federal Register* Notice and the petition are available online under document ID number EPA_FRDOC_0001-XXX at <http://www.regulations.gov>.
